## About WebExpo

WebExpo is the must-attend event for anyone whose business is the web and wants to stay up-to-date. It brings together more than 1800 digital experts from around the world to share their unique opinions and experiences from their respective fields. We aim to gather together expert speakers on the latest developments in web development, web design, performance marketing, online business and other related topics.

In addition to the talks, we also prepare an accompanying program for participants. This year's 14th annual WebExpo will once again take place in the centre of Prague: talks will be held in the Lucerna Great Hall, Lucerna Cinema, and Marble Hall. Discussions about the newest industry innovations will be held in the Lucerna Lounge, the mentor hours will take place in Lucerna Passage. Lucerna Gallery and Café will be the best place for networking. Also, everyone will be able to enjoy WebExpo wherever they are via online.
