Impact Hub Brno and Clubco

Not every kick-off meeting has to take place under a crystal chandelier. Sometimes you need a venue with an atmosphere that sparks creativity and encourages team spirit. Brno's coworking spaces Impact Hub and Clubco do exactly that

Impact Hub offers a variety of spaces – from small meeting rooms to a hall for 180 persons. In addition to technical support and catering, you will also appreciate extras such as a photo booth, marketing support, or a professional photographer.

And if sustainability matters to you, this is the right address – from solar energy to vegan catering without single-use plastics.

Clubco in Vlněna strikes a different chord: industrial surroundings, fresh colours, and modern design create the perfect backdrop for informal yet professional gatherings. Its two main halls can host larger events, and breaks can be spent on the terrace, over speciality coffee, or even at the ping pong table.

Two venues, two energies – and plenty of space for a new beginning.
