Tips For Activities Involving Means Of Transport

# Ústí nad Labem Region

# In An Off-Road Vehicle To The Bottom Of The Quarry

A means of transport can also be an adventurous off-road vehicle. With jeeps operated by [Offroadsafari.cz](http://Offroadsafari.cz), you can currently travel all the way to the bottom of the vast ČSA quarry, which is gradually being transformed into a new lake.

The expedition includes the Presidential Viewpoint overlooking the quarry, which you will see laid out before you like on a map, a visit to a technical reclamation site, lakes and succession areas. Above all, however, it offers a ride all the way to the mining machines KU300 (bucket wheel excavator) and RK5000 (bucket chain excavator). To the machines that will hardly ever be seen in operation again.

During the journey, you will learn all about local mining activity, geology, and the history of this unique landscape, which is transforming from a “lunar” one into the healthiest kind.

Offroadsafari.cz also organises trips by bus, double-decker, or rented tram on the Most–Litvínov city tram network.

# By Boat Along The Elbe From Germany To Mělník

A party on the boat deck and below, evening fireworks, endless views of Porta Bohemica or the Elbe Canyon, a glass of wine – all this awaits you in the Ústí Region.

The company Labská plavební offers several types of boats you can hire for your event, including a paddle steamer. In a peaceful setting, in your company colours, with whatever technical equipment you desire, with a coffee break or exceptional catering for your guests and a range of additional programmes.

The most popular routes lead between the towns of Děčín – Hřensko – Bad Schandau – Königstein – Dresden and back. And also in the opposite direction towards Velké Žernoseky – Litoměřice – Roudnice nad Labem all the way to Mělník, or a circular cruise through the locks from Ústí nad Labem.

# Through The Krušné Mountains To A Spa Town

By train from Prague to Cheb on a route that leads through the entire Central Bohemian Uplands and beneath the Krušné Mountains. The train stops in individual towns where you can comfortably get off and board the next one after two hours.

The Krušnohor train, one of the highest-rated trains of Czech Railways, offers comfort in the form of air-conditioned carriages, a carriage for bicycles, and onboard refreshments.

Travelling to the Ústí Region by train can be an experience in itself, as the route passes through beautiful hilly landscapes and the bends of the Elbe River.

From Prague to Ústí you can enjoy a comfortable 65-minute non-stop ride, and from the station you can head straight to the wellness hotel Větruše or travel 15 minutes further and get off in the spa town of Teplice. From the station it's less than a 15-minute walk to the beer spa of the wellness hotel and brewery Monopol.

all year round

Prague – Ústí – Teplice – Most – Chomutov – Ostrov – Karlovy Vary – Cheb

# To Nature By The Zubrnice Museum Railway

The museum railway in the Ústí Region operates under the name “tourist line T3” on the route Ústí nad Labem – Velké Březno – Zubrnice, from where you can continue by retro bus T32 via Levín all the way to Úštěk.

The trains will take you to Zubrnice, where you will find the Railway Museum and the Zubrnice Open-Air Museum – two interesting tourist attractions. Directly in the Open-Air Museum, you can continue with a tailored experience programme – demonstrations of traditional crafts, bread baking, basket weaving, as well as training in a meeting room for up to 40 persons in the Dům z Loubí premises.

For hiking, Buková hora is an ideal destination, with its prominent transmitter and the beautiful Humboldt Lookout.

This year, the line is also celebrating 50 years since the filming of the cult movie Páni kluci at the nearby Levín railway station.

April – October, at weekends and on public holidays; or by arrangement

# For Wine And Castles Along The Plum Railway

Wine, the landscape of the Central Bohemian Uplands, picturesque countryside, local gastronomy and beautiful views.

You can enjoy all of this when you combine your event with a ride on the Plum Railway.

The Plum Railway runs between Lovosice and Most, and in the past, this route was lined with plum trees. Today, it is flanked by fields, castle ruins and other fruit trees. Set out for an event, for example, in Třebívlice, to the Johann W winery, and treat yourself to wine tastings, good food, a workshop or training session, and on the following day, go hiking in the surrounding area.

From Třebívlice via the castle ruins of Blešno – Oltářík – Skalka – Košťálov to Třebenice, where you can refresh yourself with marvellous chocolate in the local Chocolaterie, hop on the Plum Railway train and return.

Note: on 29–30 August 2025, the Plum Railway will host the event – ŠvestkaFest.

all year-round, daily

Lovosice - Třebívlice - Most

15– 60 minutes

50– 100 persons

Tips For Activities Involving Means Of Transport

# Karlovy Vary Region

# Fun Arena Cheb

## A Fantastic Entertainment Complex Offering A Wide Range Of Activities For All Age Groups

Not far from Cheb, you'll find a brand-new entertainment centre where everyone will find something fun to do! Enjoy an adrenaline-fuelled ride whatever the weather. An outdoor track and indoor hall at a professional level, equipped with Sodi go-karts.

In addition to the outdoor and indoor go-kart tracks, you'll also find Jumparena – a world full of trampolines, soft foam and great fun. Look forward to more than 20 trampolines, an Olympic trampoline, a climbing wall, a foam pit, a balance beam for pushing duels, basketball and a Ninja course.

A new addition to the amusement park is Virtual Reality. Let yourself be transported into a virtual world, a space where you can do things you've never even dreamed of. Experience an incredible ride on a motorbike, jet ski or a proper sports car! Visit the Jurassic World and save your own life! It's entirely up to you where you go!

# Sightseeing Flights Over The Spa

**Unforgettable experiences and views of the famous spa town await participants during sightseeing flights or with beautiful moments provided by balloon rides.**

If visitors are looking for an unusual and original experience, a balloon flight in the vicinity of Karlovy Vary is the perfect choice. The crew prepares the balloon for flight, and passengers can help with the preparations. After landing, passengers are ceremonially christened, and the pilot presents them with a commemorative certificate. The ground crew, which has been following the balloon during the flight, picks up the passengers and equipment and transports everything back to the take-off site or as agreed.

# R 615 Krušnohor: transport to an incentive event

Krušnohor runs from Prague to Cheb, thus connecting North-West Bohemia with the capital city. It offers passengers a ride in an InterJet trainset by the Siemens/Škoda consortium. It is the highest-rated long-distance train among Czech Railways passengers.

The train connects towns in the Krušné Mountains with the Prague metropolis. It is equipped with special windows that allow mobile phone signal to pass through, wireless mobile phone chargers and 230 V power sockets in 1st class for charging electric wheelchairs and e-bikes. The services include all current features: Wi-Fi, power sockets and USB ports, transport for persons in wheelchairs, prams and bicycles, a children's cinema, and more.

# Funicular To Diana

**Fascinating views, elegance, comfort and lightness – spa guests have been transported to the Diana Observation Tower by funicular since 1912.**

The Diana Funicular has a lower boarding station “Stará louka”, a mid-station “Jelení skok”, and an upper terminal station “Diana”. It is a traditional and very popular means of transport in Karlovy Vary to reach the Friendship Height. Interestingly, the mid-station is located exactly halfway along the track, so both cars stop there at the same time (at the passing loop). The track is crossed by three underpasses and three pedestrian bridges. Platforms are located on both sides, and the cars also have doors on both sides. The funicular is especially popular with tourists visiting the town. From the lower station, it takes you up to the summit, where you can visit the Diana Observation Tower and the forest restaurant-café Diana. This forest restaurant is also suitable for corporate events. The surrounding spa forests are perfect for various teambuilding activities.

Tips For Activities Involving Means Of Transport

# Zlín Region

# Zlín Sightseeing By Bus

The guided bus tour “Discovering the Baťa Architecture of Zlín” offers a unique perspective on the city as a functional urban whole of modern architecture from the first half of the 20th century.

During a comfortable 120-minute ride with expert commentary by a gallery curator, participants will visit iconic buildings as well as lesser-known but architecturally valuable sites. The route includes short walks to individual buildings, and each participant receives a printed guidebook. The tour begins at the 14|15 BAŤA INSTITUTE and leads through residential districts, typical Baťa houses, the Collective House and the Tomáš Baťa Memorial, ending at náměstí Práce (Labour Square). There is also the option of an individual tour for private groups with a customisable route by arrangement. This programme is ideal for schools, architecture enthusiasts, professionals, and corporate groups seeking a cultured experience with added value.

# Kroměříž Runway

Kroměřížská dráha z.s., known for its passion for railway history, not only offers regular rides on historic trains and operates the Railway Museum in Kroměříž, but also provides the option to hire its trains for corporate events, teambuildings and other group occasions.

Whether you're looking for an unconventional gift for a railway enthusiast or planning an original teambuilding activity, you can have your own train dispatched!

It's not complicated – the association has extensive experience in organising wedding rides, birthday parties on board, group trips to wine cellars, cycling tours and themed rides with a full programme. The offer includes, for example, the historic motor coach “Hurvínek” with a viewing carriage, but it is also possible to arrange another set, including a steam locomotive.

Dispatching your own train is a brilliant way to combine experience, history and transport into one unforgettable day. The association will prepare a bespoke, non-binding and free quotation according to your requirements.

# Boat Cruises Of All Sizes – Bat’a Canal

The Bat’a Canal, an iconic waterway of South and East Moravia, offers attractive options not only for individual tourists but also for corporate clients and organised groups.

In addition to regular sightseeing cruises between ports, tailor-made cruises are available, ideal for teambuildings, corporate meetings or incentive events. Companies can rent an entire boat with a captain, prepare their own programme, arrange catering, or add accompanying activities on shore. Boats with capacities for dozens of persons are equipped for comfortable travel and longer stops. A cruise on the Bat’a Canal thus becomes an original and memorable way to bring work teams together in the unique atmosphere of the region.

# Balloon Flight

Balon Centrum Břestek offers a wide range of hot-air balloon flights, ideal for corporate events, teambuildings or group experiences.

Thanks to its extensive fleet of balloons in various sizes, each flight can be tailored precisely to the client's needs. For smaller groups, a private balloon flight is available, ensuring exclusivity and an individual approach. Larger groups can enjoy flights in large balloons with a capacity of up to 24 passengers. In addition to standard flights, the company also offers special experience flights, such as gourmet flights with onboard catering or expedition flights over mountains. Accommodation is also available at BalonCentrum Břestek, providing a comfortable base before and after the flight.

# Rajnochovice Forest Railway

The Rajnochovice Forest Railway offers a unique experience for smaller groups, corporate teams or work collectives seeking a peaceful and original setting for a get-together away from the hustle and bustle of the city.

This historic railway was established as an enthusiast project to commemorate the former Archbishop's Forest Railway, and it is still operated by volunteers to this day.

For groups, it is possible to arrange a private ride on the historic train outside the public operating days. The narrow-gauge track is approximately 300 metres long, and the ride takes about ten minutes. Although short, the atmosphere of the railway and its grounds provides the perfect backdrop for an informal programme, a relaxed teambuilding or a small event with a distinctive character.

The railway site does not have fixed opening hours; public events take place several times a year, and visits outside these can be arranged by appointment. Proceeds from admission and booked rides go towards the maintenance and further development of the project.

by arrangement

Rajnochovice 126, 768 71

# Brno Velodrome

## The Brno Velodrome Is One Of The Most Important Sports Venues Of Its Kind In Czechia

In the past, it has hosted World and European Championships and still serves as a training and competition base for top track cyclists. The open-air oval, 400 metres in length and with a capacity of over 3,500 spectators, offers not only sports experiences but also an unconventional venue for concerts and other open-air events.

The velodrome is located just a few steps from the Brno Exhibition Centre. This strategic location extends the potential of the venue for the MICE segment – for example, for accompanying programmes, sports teambuilding activities, or original evening events.

Right next door is the Quality Hotel Brno Exhibition Centre, a modern four-star hotel with congress facilities, a restaurant and comfortable accommodation. It is the ideal base for organisers and participants of events held at the exhibition centre or velodrome.

# Automotodrom Brno

This July, the Automotodrom on the outskirts of Brno will draw global attention from fans of high-speed racing – after five years, the prestigious MotoGP race returns to Brno.

Hotel Grid offers accommodation with views of the track and an atmosphere unlike anywhere else. Modern rooms, top-class conference facilities and its own restaurant with a terrace provide the perfect setting for MICE events, corporate training sessions or VIP meetings.

What makes this place truly unique are the teambuilding opportunities directly on the circuit – from sports car driving and go-karting to race scenario simulations. For motorsport enthusiasts and companies looking to offer something exceptional, this is the ideal choice.

# Párty & Cafe šalina

## A Brno party on rails? Why not!

The Brno Transport Company has breathed new life into two unique trams that you can hire for corporate events, celebrations, stag and hen parties, or stylish weddings. **Party Šalina** and **Šalina Café** offer an original and attractive way to discover Brno from a new perspective – while having a great time.

The Party Šalina, fully equipped with a tap system, coffee machine, audiovisual setup and toilet, accommodates up to 50 guests and follows the concept of the popular Šalina Pub from previous years. Šalina Café, an elegant historic vehicle from 1954, has a capacity of 30 persons and offers a stylish atmosphere with coffee served on board.

Both trams can be hired with staff or with recommendations for a catering agency. This experience, combining urban transport with an unforgettable event, attracts not only locals but also visitors to the city and event professionals.

# The Scent of Petrol Experience

Fans of speed and motoring adrenaline will find just what they're looking for in the Liberec Region – Autodrom Sosnová near Česká Lípa offers experiences that will thrill not only motorsport enthusiasts but also corporate clients in search of unconventional teambuilding activities. This modern racing complex specialises in safety driving courses, rides in sports cars, and organising motoring events for both the public and companies.

The autodrome features a flexible 1.2 km track that can be adapted to suit the needs of the event. It offers the opportunity to drive various types of sports cars and off-road vehicles or take part in a skid control course. A tailored programme can be arranged for groups – such as a slalom race, driving skills challenge, tandem ride with a professional driver, or a combination of several disciplines. The venue also includes facilities for training sessions, catering, and other accompanying activities, making it an ideal spot for MICE events with the scent of petrol.

# Historic Trains With A Story

The iconic cog railway from Tanvald to Kořenov and nostalgic rides on the glassmaking lines are among the unique gems of Czech railway transport. The historic route in the Jizerské Mountains combines a technical experience with natural beauty and attracts not only railway enthusiasts but also groups looking for an original transport attraction with the atmosphere of times gone by.

The cog railway, the steepest line in Czechia, is the only one of its kind in the country, and its historic trains have become a popular destination for themed trips. Groups can book a steam or motor train ride, complete with a guide's commentary, a visit to the railway museum, or refreshments served on board. An old-time experience is also offered by the Šenov Glass Line, which continues the tradition of the region's glassmaking industry. Seasonal nostalgic rides on a historic motor coach take you from Česká Kamenice via Kamenický Šenov to the renowned glassworks. Passengers can visit the glass museum during a stop or try their hand at creating their own piece in the glassworks. Rides can be tailored to group requirements and enhanced with accompanying programmes featuring regional refreshments or demonstrations of traditional crafts.

# An Event Among Vintage Vehicles

For everyone with a passion for historic vehicles, Automoto Museum Lučany nad Nisou is the perfect destination. The collection offers a fascinating insight into the development of motoring and motorcycle culture throughout the 20th century. The museum is housed in a former textile factory and combines a technical exhibition with stories of the people who built, drove, or collected these machines.

Visitors can admire meticulously restored cars from brands such as Praga, Škoda, Tatra or Jawa, as well as lesser-known models from the Austro-Hungarian era or the First Republic. There are also motorcycles, historic service equipment, old petrol pumps and period posters. For groups, it is possible to arrange a guided tour, photo opportunities with selected exhibits, or a themed programme for motoring enthusiasts. The museum thus combines educational and experiential elements, offering an original addition to corporate events in the Jizerské Mountains.

# Across The Surface Of Lake Mácha

Romance, water and scenic views – Lake Mácha offers a unique blend of nature and transport through boating experiences that can become an attractive part of teambuildings or incentive programmes. Available options include ferry transport, a traditional boat crossing, and participation in sailing regattas, providing a wide range of formats for group activities.

A regular boat service connects the lake's main corners and offers a convenient way to travel as well as a guided sightseeing cruise. The traditional ferry adds a nostalgic touch and a relaxed pace, ideal for smaller groups. For the more active, it is possible to take part in a recreational regatta – the perfect team challenge with a competitive spirit. Boating experiences can be enhanced with onboard catering or a programme on the shore – from barbecues to live music. Lake Mácha thus offers a water-based experience that can be tailored to the needs of a specific group.

# A Flight To Remember

An aerial adventure over the rock towns and castles of Bohemian Paradise offers a unique bird's-eye view of the landscape. Hot-air balloon flights are ideal for smaller groups or as part of corporate incentive programmes, combining adrenaline with relaxation in the air to create unforgettable moments.

Flights are operated by experienced companies such as BAART or Hoši v koši, which provide a full service – from organising the flight to the ceremonial christening of first-time flyers. Balloons take off from various locations in Bohemian Paradise, depending on wind direction, and during the hour-long flight you can admire Trosky Castle, the Prachov Rocks or Hrubá Skála Chateau from a completely new perspective. The flight can be combined with a morning breakfast in nature or an evening programme with refreshments after landing. A balloon flight adds a touch of uniqueness and strong emotion to any event – a truly unforgettable experience.

# Žireč Cycle Museum

## Take a Seat on a Retro Bike

The St Joseph's complex, just a few minutes from Dvůr Králové, is a unique place where history, relaxation and community use come together. Its highlight is the Cycle Museum – a one-of-a-kind exhibition of historic bicycles and cycling culture in Bohemia. You'll see penny-farthings, racing bikes and rare children's bicycles. There's also the opportunity to try out a retro bike or pose for a stylish photo.

The complex also includes: a herb garden, Café Damián, the Church of St Anne – a cultural monument suitable for intimate concerts or meditative moments – and outdoor facilities for cultural, educational and social events.

The entire site is wheelchair accessible and operated with a strong social dimension – its activities support St Joseph's Home for People with Multiple Sclerosis. Combine the experience with a good cause and offer your guests a programme they won't forget.

# Experience Ride In A Snow Groomer

## Enjoy Slope Grooming At Dusk

Try an unconventional adrenaline experience and see the mountains from the cabin of a real snow groomer. During an approximately one-hour ride, you'll learn how ski slopes are groomed, get a behind-the-scenes look at the ski resort, and enjoy views that ordinary visitors never get to see. A great tip for a relaxing programme after a meeting or as an original addition to a teambuilding event.

December - March

Špindlerův Mlýn: Medvedín or St. Peter

1 hour

The snow groomer can accommodate one adult and one child under 12 (included in the price).

# OFF-ROAD CHALLENGE in Šikland

**Forget Boring Meetings. Here, You'll Be Driving Buggies, Quad Bikes, And Even An Armoured Personnel Carrier.**

A corporate event at Šikland is a whole different league. It offers a true off-road challenge, where participants get to try their hand at driving a full fleet of vehicles – from quad bikes and the iconic Hummer H1 to off-road Suzukis, buggies, minibikes, go-karts and Segways. All this in rugged terrain and in either competition or experience mode.

For those who aren't afraid of a real challenge, there's the adrenaline-packed part of the programme – including a ride in a heavy-duty APC. The fun continues with Formula 1 simulators and a pit stop duo activity to test reflexes and team coordination.

The entire programme is professionally managed, safe and flexible – it can be adapted to the number of participants and desired physical intensity. Šikland also offers full facilities for a full-day or multi-day event: catering, evening entertainment, and on-site accommodation right in the western-style town.

# Cruise on the Dalešice Reservoir

## Corporate events on a boat? Stylish, Comfortable, And Unlike Any Other

The excursion boat Horácko on the Dalešice Reservoir accommodates up to 115 persons and is an ideal venue for informal gatherings, networking, or presentations in an unconventional setting. The cruise between cliffs and forests can be enhanced with a wine tasting, live music performance or guided commentary.

There are also onshore programme options: a visit to the Dalešice Brewery, the hydroelectric power station, or a light teambuilding session in nature. A great choice for a summer or autumn event with a touch of tranquillity and originality.

April - September (by individual arrangement also all year round)

# Skid Control Training: Master The Crisis – Behind The Wheel And As A Team

A crisis management training that's fun, empowering, and confidence-building.

Polygon Jihlava offers an exciting venue for a corporate experience programme that combines adrenaline, new skills, and team dynamics. In a safe environment, participants will try driving on a simulated slippery surface, handling a skid, emergency braking and reacting to unexpected situations – all under the supervision of experienced instructors.

Skid control training is perfect for groups looking for a **hands-on, high-energy teambuilding activity** that goes beyond the track and into real life – all while keeping the pace and fun alive.

# Balloon hotel Radešín

## An Exclusive Thank-You For Clients, Staff Recognition Or A Managerial Bonus

A balloon flight over the landscape of the Vysočina Region is one of those experiences that stays with you for a lifetime. The Balloon Hotel in Radešín offers flights for two persons with an escort, making it the ideal reward for special occasions – for example, as a gift for a business partner, a prize for a company competition winner, or part of a VIP stay.

The flight takes place at sunrise or sunset, lasts approximately one hour, and ends with the traditional ceremonial christening of new “aeronauts”. The entire experience can be combined with accommodation and a gastronomic programme directly at the hotel, which runs its own brewery and offers seating in a stylish wine cellar.

If you're looking for a way to enrich your corporate event with quiet luxury, a unique setting and emotions from above, a balloon is a mode of transport that never disappoints.

# Retro Experiences At Hotel Medlov

A return to a time when experiences weren't about speed, but about atmosphere.

Hotel Medlov has prepared a fun-filled programme for its guests that blends nostalgia with active relaxation. Your colleagues or partners can take a ride on legendary Czechoslovak scooters Čezeta, try historic pedal boats, or rent a rowboat or skiff and set off across the pond.

This old-time-style corporate event is perfect for smaller groups looking to slow down, gain perspective, and enjoy a natural setting. The surrounding meadows and forests also invite further activities – from picnics and pétanque tournaments to roasting sausages together over an open fire.

# A Journey Back to the Steam Era on the Mladějov Railway

Looking for an original teambuilding activity that will appeal to everyone in the company? Set off with your colleagues on an unforgettable trip along the 11-kilometre narrow-gauge railway in Mladějov – a place where history meets adventure.

The Mladějov narrow-gauge line was built during World War I to transport fireclay and coal from nearby mines. Today, the wagons no longer carry raw materials, but enthusiastic visitors drawn by the rhythmic clatter of the tracks. Forget ordinary excursion routes. In Mladějov, a private train can be dispatched just for your group outside public running days. The route, train composition and departure time are tailored precisely to your needs. The ride passes through picturesque landscapes of forests, meadows and old quarries – an ideal opportunity to clear your head and enjoy a team day away from the office. The programme can also include a guided tour of the Mladějov Industrial Museum, where you'll see unique historical machines, locomotives and other technical gems.

# Museum of Historic Machines and Technologies

At the Museum of Historic Machines in Žamberk, history comes to life. Explore an exhibition where steam-powered vehicles and sporting legends of the past century await you.

The museum specialises in the preservation and renovation of historic technology, particularly of Czech origin. The tour route includes two thematic areas – a railway exhibition featuring steam engines, historic ploughing machines and locomotives, and a section dedicated to cars, motorbikes, old machine tools and textile production.

This unique collection of historic vehicles takes you through the evolution of motoring, from steam-powered pioneers to the sports icons of the 20th century. Altogether, you'll find around 40 historic vehicles, more than 20 motorbikes and 5 bicycles – all displayed in an authentic setting that transports every technology enthusiast back in time. Throughout the year, themed events are also held, featuring live demonstrations of the machines in action.

April – October, outside the season by appointment

# Prague

# Crystal Dinner Aboard a Glass Riverboat

An unforgettable experience with uninterrupted views of Prague's landmarks from elegant onboard salons or directly from the open deck – and of course, a stylish and abundant dinner. This is what awaits guests on the Crystal Dinners hosted by Prague Boats. Every evening, one of their three state-of-the-art luxury vessels departs from the quay at Čech Bridge.

Whether in summer or winter, in sunshine or rain, the Grand Bohemia, Bohemia Rhapsody, or Agnes de Bohemia riverboats offer breathtaking views thanks to panoramic windows and a retractable glass roof. The unique design of the retractable glass roof allows for stunning panoramic views of the city's sights even when the deck is fully enclosed. In the summer months, the roof can be fully opened or fitted with sunshades. Efficient air conditioning or heating ensures maximum comfort for passengers at any time of year.

The sightseeing cruise is enhanced by a rich buffet dinner and live music. To help guests navigate the many illuminated sights along both banks of the Vltava River, an interactive mobile guide is available. Thanks to their sleek design and the latest technical features, these three vessels are also sure to delight fans of modern transport technology.

# Luxury Ride In A Designer Tram

A poetic journey through Prague in the T3 Coupé, a designer tram paying tribute to the legendary Tatra T3 of the 1960s, is an experience available only in the Czech capital. The T3 Coupé offers not only the pleasure of a ride through the city in a luxurious semi-open tram but also the delight of its stylishly designed interior. Sightseeing rides in this special tram are part of the catalogue of the Prague Public Transit Company (DPP).

In collaboration with Anna Marešová Designers, DPP has created a unique concept of a sightseeing tram that continues the tradition of the iconic Tatra T3 trams. The designers took most inspiration from the original T3 and even incorporated authentic elements from old trams into the new construction. Where ticket counters once stood in the old trams, the T3 Coupé now features a stylish bar, adding a touch of luxury to the ride.

Luxury also extends to refreshments: since wishes can vary, DPP adapts the offer to meet the client's individual requirements. In addition, musical performances or guided tours in various languages can be arranged.

# Royal Game Reserve And Letná By Bike

Discover the green parts of central Prague and explore Letná and the Royal Game Reserve on the iconic pink shared bikes during guided tours with Prague City Tourism. In addition to learning about the history and curiosities of the places visited, participants can enjoy picturesque views of the Old Town and Lesser Town with the Vltava River, as well as of Prague Castle.

The ride begins in front of the entrance to the Výstaviště Praha complex, from where the group sets off into the vast Royal Game Reserve to explore the highlights of Stromovka, such as the Šlechta's Restaurant and the Governor's Summer Palace. The tour continues by the shortest route through Letná into the Letná Gardens with the Letná Château, passes the Hanavský Pavilion, and heads into Chotek Gardens, next to the Prague Castle complex. The ride ends at Hradčanská metro station. The shared Rekola bikes are provided free of charge, and thanks to moving around by bike, the group can visit more interesting sites than would be possible on foot.

# Ride on a Historic Metro Train

The Prague Public Transit Company offers a unique group experience not only for fans of technology or the history of Prague's public transport. Once a month, it organises a ride on a historic Prague metro train.

These experience rides take place on all three metro lines and are not limited to just a journey: during the ride, visitors get the chance to look inside the driver's cab of a historic train in regular operation, complete with a hands-on demonstration of the driver's duties, allowing participants to see the metro tunnels from a unique driver's perspective. In addition, a recorded commentary broadcast on board shares interesting facts about the history of metro construction and operation, the architecture of the stations, and abandoned development projects that left behind only blind sidings. The rides are often combined with visits to depots, where participants can view not only the trains themselves but also the technology used to maintain the trains, depots, and tracks — all guided by expert commentary.

all year round - once a month

# Experience Train

Set off on an extraordinary trip aboard a historic 810 series railcar and explore the mysterious Mořina quarries.

Simply hop on the train in Kladno, Prague or Plzeň and let the journey carry you through the landscape to the legendary Velká Amerika (Great America). While most visitors admire its beauty only from the viewpoints above, you'll have the rare opportunity to descend all the way to the bottom of the quarry – a place usually off-limits to the public. The tour of Velká Amerika also includes a walk through underground tunnels where stories of miners and mysterious figures like Hagen, the guardian of a hidden treasure, once unfolded. In addition to the quarry tour, you'll enjoy a ride along the historic Kladno–Nučice railway line, which once carried limestone. The entire adventure takes 3 to 4 hours and offers a one-of-a-kind experience in places few ever get to see.

# Solvay Quarry Open-Air Museum

In the romantic landscape near the village of Svatý Jan, right in the heart of the Bohemian Karst Protected Landscape Area, an industrial open-air museum has been developing since the late 1990s. It focuses on documenting the history of limestone mining and transport.

The Solvay Quarries were established in the early 20th century as an important source of limestone for the chemical industry. Today, they serve as a museum of limestone extraction and transport, where visitors can admire historical machines, a narrow-gauge railway, and other exhibits related to mining.

The museum grounds offer a variety of possibilities for organising corporate events, teambuildings, conferences or exhibitions. Its main advantages include:

- authentic setting: historical buildings and technical exhibits create a unique atmosphere
- indoor and outdoor spaces: different parts of the premises can be used depending on the type of event
- accompanying programmes: guided tours, rides on the historical train or demonstrations of mining equipment

May – October (group tours usually take place from Tuesday to Thursday, other days by arrangement)

Svatý Jan pod Skalou 11, 26601 Beroun

1- 2 hours

larger groups (over 35–40 persons) must be divided. In such cases, the tours follow at 1.5-hour intervals.

# Sightseeing Cruise Aboard Fidelio

Take a ride along the waters of the Elbe and Vltava Rivers on a boat with a story to tell. Its history is just as captivating as the cruises it offers, inviting you to discover the beauty of Central Bohemia from Mělník all the way to Prague. You can cruise to the confluence of the Elbe and Vltava Rivers, beneath the Mělník Château, or join regular cruises through the locks to Obříství.

Although the riverboat has retained its historic charm, it has undergone a modern refurbishment. Thanks to this, you can enjoy the highest level of comfort throughout the journey. The boat accommodates up to 22 passengers, who can take advantage of the generous space and soak in the scenery from the sun deck. During the cruise, you can enjoy excellent coffee and a variety of refreshments. Below deck, you'll find a lounge, bar, another salon with a tap, and a toilet.

# Experience Sailing On Orlík Reservoir

**Adventure sailing with Charteg Boats on Orlík Reservoir – open to the general public with no prior experience as well as to seasoned sailors, with or without a skipper. So, come and catch the wind in your sails!**

A corporate event on the water is a fantastic way to strengthen informal relationships and improve teamwork and communication among employees. Everything happens spontaneously, and operating a boat naturally requires cooperation and mutual understanding.

If you would like to try sailing but have no experience, you can spend a day on a sailboat with yachting training. Before sailing, you'll watch an instructional video, review the information with an instructor, and then sail independently for the rest of the day.

If you'd prefer to just relax and take in the views, you can choose a sailing trip or a motorboat cruise with a skipper.

For those with some sailing experience but without a small craft licence, there is the option to rent a sailboat that does not require a licence. You can also rent a motorboat that includes registered water-ski towing in its technical documentation.

May - October

# TATRA Museum Kopřivnice

The car Karel Loprais used to win the Dakar Rally is just a glimpse of the interactive exhibition...

The TATRA Museum in Kopřivnice, a branch of the Nový Jičín Museum, manages three sites: The Tatra Truck Museum, the Tatra Passenger Car Museum, and the Slovenská Strela Repository.

The exhibitions offer plenty of excitement for all fans of the Tatra brand as well as automobile enthusiasts in general – a range of stunning exhibits, a wealth of historical background information, numerous photographs and videos.

For groups, an accompanying or educational programme can be arranged upon request. The museum premises are also available for tailored corporate events.

# Step on the pedals...

**Cycling Through the Moravian-Silesian Region – the view from the saddle never gets old.**

Hop on your bike and enjoy the beauty of the easternmost part of Czechia. Set off with your colleagues along the cycle paths of Northern Moravia and Silesia. Combine sport, discovery and networking on a tailor-made route.

You can ride e-bikes or mountain bikes and visit industrial landmarks, breweries and museums with a guide.

Or enjoy your company day in one of the many bike parks in our region. (Kopřivná, Karlov – Jeseníky, Bílá – Beskydy Mountains)

The cycling coordinator of the Moravian-Silesian Region or representatives of the individual tourist areas will be happy to tailor the programme for you.

Tips For Activities Involving Means Of Transport

# Pilsen Region

# A Proven Experience on the Waves

## A Riverboat Cruise on the Hracholusky Reservoir – a Stylish Solution for Corporate Events That Leave an Impression

Does your client want to make their event stand out and offer guests more than just the standard meeting room setting? The sightseeing riverboat offers a unique combination of nature, tranquillity and an informal atmosphere – ideal for networking, teambuilding or stylish incentive programmes.

In an era of oversaturated conference halls and uniform agendas, demand is growing for environments that leave a lasting impression. Thanks to its ample capacity, catering options, themed programmes and flexible approach to route and timing, the riverboat is an excellent fit. The combination of natural scenery and professional service creates a space that encourages focus, inspiration and relationship-building – free from distractions and in an original atmosphere.

Even after years, Hracholusky proves that a quality MICE event doesn't have to mean a luxury hotel in the city centre. Sometimes all it takes is to open the space for an experience – and set out on the waves.

May – September

# Plzeň from a Different Angle: An Unforgettable Ride Not Just in a Period Tram

Experience the beauty of Plzeň from an entirely new perspective – through the windows of a historic tram, bus or trolleybus.

An extraordinary ride in a historical vehicle adds a unique character to any event held in Plzeň. The retro atmosphere, unusual routes and the possibility of custom branding make this experience the ideal addition to corporate meetings, incentive programmes or networking events.

It offers a unique way to explore – a stylish ride in a vintage vehicle along routes that are normally closed to the public. Pre-designed circuits are available, or the route can be tailored to your wishes, including stops for photos or a short walk through the city centre. The vehicle can be fitted with company logos, sound systems as needed and enhanced with the services of a guide or catering provided by experienced partners. This form of transport is not only an efficient way to move participants between venues, but also a memorable experience in itself.

# Historical Train – An Unconventional Setting for Events

The unique environment of a historical railway line offers a combination of experience, scenery, and atmosphere suitable for organising MICE activities outside traditional venues.

The Bezručovice local railway line, running between Pňovany and Bezručovice, presents an interesting opportunity for implementing incentive programmes and client events. The offer includes stylish rides in steam or motor train sets, catering in specially adapted carriages, themed stops at stations, and the possibility of connecting with regional attractions – such as the chateaux of Bezručovice and Trpčisty, the Lázně in Konstantinovy Lázně, or the historic town of Úterý.

The operation is flexible in terms of route and timetable. The train set has a capacity of up to 90 persons and can also accommodate bicycles. It is fully wheelchair accessible. The Bezručovice local railway line creates a backdrop that combines history with a modern event approach and offers space for events with an unmistakable character.

# Bespoke Retro Ride

A stylish complementary activity for MICE events that combines originality, regional discovery, and flexibility – offering the chance to set off through the Plzeň Region aboard a legendary historical bus. Suitable for both smaller and larger groups, with the option of a fully customised client scenario.

The historical bus from the fleet of Integrated Transport of the Plzeň Region represents a unique way to give any corporate event an unforgettable character. The vehicle can follow a route entirely according to the client's wishes – whether it's a themed ride between technical landmarks, stops at regional producers, or an experiential journey with an accompanying programme. Every detail can be tailored: the schedule, style of accompaniment, catering, and visual branding. The retro atmosphere, the scent of an old engine, and the charm of past decades create an experience that can easily become a powerful story for employees and business partners alike.

# Sightseeing Tour of Central Plzeň by Beerbus

While many wander from pub to pub or struggle to choose which tour of the West Bohemian capital to join, there is a simple and stylish way to enjoy chilled Plzeň beer while discovering the city in comfort.

The Beerbus offers a unique experience combining a complete tour of Plzeň's historic centre, including all major landmarks and sights, with a tasting of chilled Pilsner Urquell beer for each participant. The 75-minute ride aboard an electric bus with a capacity of up to 16 persons offers comfort and entertainment thanks to a professional crew, creating a pleasant atmosphere throughout the journey. The tour ends at the most famous Plzeň brewery, Pilsner Urquell, where guests may continue with a tasting or follow up with another programme.

With its environmentally friendly electric drive, the Beerbus is an ideal choice for MICE organisers seeking a non-traditional yet professionally delivered experience.
