TEPfactor Slapy

Experience adrenaline, teamwork and a hefty dose of fun! TEPfactor is extraordinary fun for everyone who wants to experience adventure. Whether you're looking for a teambuilding programme or planning fun with your family, you've come to the right place. There's no need to worry about the weather – it's pleasant inside TEPfactor all year round. You'll put your skills, strength, logic and patience to the test – it won't be easy, but with the right team you'll overcome every challenge.

TEPfactor Boyard is a game inspired by the television show Fort Boyard! Hidden within the corners of a pirate cave, you'll find 25 tricky tasks to complete in teams of 2–5 persons. For each completed task you'll earn one of 20 clues to help you unlock four bonus rooms. You can complete the tasks in any order and you have unlimited attempts. If you keep going, you'll conquer every challenge! The reward awaits only true players who complete all the tasks. Only they will open the chest of pirate gold!

The entire programme can be rounded off with accommodation in indoor bungalows, outdoor log cabins, or a VIP room, and you can unwind in the wellness centre.

Museum of Video Game Machines

A legendary retro arcade hall, museum and entertainment centre located just 15 minutes from Václav Havel Airport in Prague.

Planning a corporate party, teambuilding, or want to treat your colleagues to an unconventional experience? The legendary retro gaming entertainment centre in Červený Újezd near Prague is one of the longest-running video game museums in Europe. Among the functioning machines are some of the greatest legends, over 30 years old. The atmosphere is enhanced not only by the flashing screens and game logos, but also by the stylish lighting.

The exhibition features 170 fully functional machines, a wide range of refreshments, heating in winter, cooling in summer, and most importantly, dozens of hours of amazing retro gaming fun and memories. Choose the number of participants and the arcade will be tailored just for you.

Night Tour of Sedlec – Tour 77

The Sedlec complex offers groups the night-time Tour 77, promising 77 minutes of unforgettable experiences during an evening tour of the ossuary and cathedral. Enjoy the unique sights of Sedlec by candlelight and accompanied by organ music, in peace and quiet, away from the hustle and bustle of everyday life.

This experience-packed programme begins at the Sedlec cemetery – in the upper chapel of the All Saints' Cemetery Church – directly above the ossuary. You'll learn about the moving history of Sedlec, which to this day serves as the gateway to Kutná Hora. Accompanied by a costumed Cistercian monk or nun, you'll descend the stairs to the lower chapel, where the candlelit ossuary welcomes you with its one-of-a-kind atmosphere.

You'll then follow your guide along the darkened Zámecká Street to the oldest cathedral building in Central Europe – the Church of the Assumption of Our Lady and Saint John the Baptist. You will enter this stunning, candlelit space to the sound of fanfares, and after taking your seats in the pews, enjoy a live organ concert. Afterwards, you'll have the chance to peek behind the door of the cathedral treasury, where the original Gothic Sedlec monstrance from the late 14th century is kept – one of the most significant goldsmith's treasures in the Czech Republic.

Rüchl Glassworks

Offer your clients or employees a glimpse into the world of unique production of traditional, hand-cut crystal and let them create alongside master craftsmen at Rüchl Glassworks, whose tradition dates back to 1846.

Looking to organise a one-of-a-kind corporate party or teambuilding event? In the unique industrial setting of Rüchl Glassworks, workshops can be arranged for smaller groups as well as events for up to 500 persons using both indoor and outdoor spaces.

You can order services tailored to your wishes or draw inspiration from the available offer, which includes a guided glassworks tour, trying glassblowing yourself, cutting your own souvenir in the cutting shop, or a night-time glassworks experience with a bespoke programme. As part of themed events, creative workshops and a rich accompanying programme can be arranged to suit your needs (catering, photo booth, MC, party tent, video recording, hostesses and more).

Pastry Chef at U Radešínka

In the village of Počepice in the Toulava tourist area, you'll find a small honey pastry bakery run by the Hejhal family. It has been in operation for over 35 years.

If you're a larger group, you can book a guided tour of the production site and take part in an interactive "gingerbread experience". You'll be shown around the bakery, learn how gingerbread is made, and even try your hand at the craft yourself. You'll get the chance to decorate your own gingerbread biscuit.

In the cosy, family-run grounds of U Radešínka, you can also enjoy accommodation, play adventure golf, or dine at the on-site restaurant. The facilities here are truly comprehensive.

National Museum of Agriculture

The National Museum of Agriculture in Ostrava is a 2-in-1 museum – a museum of food and agricultural machinery combined.

At the Ostrava exhibition of the National Museum of Agriculture, you can admire machines from the late steam age as well as from the 1950s. The Ostrava branch of the National Museum of Agriculture offers exhibitions dedicated to food and agricultural machinery.

In the Agricultural Machinery exhibition, you can view tractors, forage processing machines, and grain processing machines. In the Food Depot, you'll learn everything about food in an interactive way, and in the Gallery of Czech Food we present 30 interesting contemporary food products.

There is also a lounge where you can spend time with your guests or arrange a coffee break. Parking within the Dolní Vítkovice complex is free of charge.

They Say a Hat Suits Everyone...

Become a fashion designer and discover the magic of hat-making. Try on more than 400 headpieces.

This interactive exhibition will take you through the fascinating world of millinery, a craft with a tradition dating back to the 16th century.

In a fun and engaging way, you'll explore the individual stages of hat production and, with the help of VR glasses, be transported directly into the TONAK factory – to places not usually accessible to the public.

In the fitting room, you can try on over 400 real hats and 40 virtual models. At the end, you can play the role of fashion designer in the creative workshop.

The programme can be adapted to suit your requirements, including catering.

Koníček Beer – The Beer That Makes You Neigh With Joy

Stop by the biggest small brewery in North Moravia, taste excellent beer and say a prayer in the Beer Chapel.

Beer has been brewed here since 2006, and on the brewery tour you'll learn everything about the production technology.

You'll walk through the entire brewing process from the brewhouse to the fermentation room, lager cellars, and beer bottling facilities. After the brewery tour, you'll also visit a small agricultural museum that will take you several decades back in time.

Then comes a stroll down the Koníček Barn Street, where you can stop and pray in the Beer Chapel. Finally, enjoy a beer tasting in the "ŠALANDA" tasting pub – after which you'll be left grinning with delight.

Adrenaline Underground

Descend into the depths of a medieval silver mine – the only example of ore mining in the region – and enjoy the most demanding tour on the entire Technotrail (www.technotrasy.cz).

The medieval silver mine located directly in the village of Horní Město is a unique site representing the mining of silver and iron ore from the late 15th century to the end of the 19th century.

The mine has 3 levels and 2 intermediate levels; during the tour, you'll pass through the two largest – the Old Level and the so-called Peter's Horizon, from where you'll also get a glimpse into the St Anthony of Padua Adit. The whole route is about one kilometre long. During the tour, you'll discover the diverse world of ore mining, including tunnel systems, workings, chimneys and chambers. You'll also have to climb four ladders, the longest of which measures 28 metres.

This activity is not suitable for everyone, but those who dare to venture underground will experience something truly extraordinary... And all of it under the guidance of passionate and knowledgeable guides.

spring–summer–autumn, except in rainy weather.

Pardubice Region

East Bohemian Museum – Pardubice Castle

Discover Pardubice Castle – a Renaissance gem surrounded by ramparts, offering extraordinary experiences. An exhibition with interactive features, a knight's armoury and a Cold War-era shelter await you.

You'll find the Renaissance castle of Pardubice in the very heart of the city, hidden behind massive defensive ramparts. The exhibitions here will delight anyone who enjoys exploring heritage in a slightly unconventional way. Set off with your team on a journey into the Renaissance and take home a souvenir photo from the knight's armoury, where you can try on real armour and weapons. The castle ramparts also hide a secret civil defence shelter built during the Cold War. This, too, can be visited as part of a group tour.

Wine Tasting in the Castle Cellars

The castle cellars in Litomyšl offer a stunning space with a truly unique atmosphere. Here, you can view sculptures by Olbram Zoubek, taste various types of wine, or book a guided tasting session where an expert will introduce you to both the wines and the art on display.

In the cellars, you can sample a special line of bottled wines – Chateau Litomyšl – which are only available in the town of the Smetana Festival. The wine shop offers a wide selection of wines from several wineries. The space is also available for rent for corporate or social events. There are two main halls for hire, one hall with the wax Heart for Václav Havel, four smaller adjoining rooms and a wine shop composed of three rooms. Tables with refreshments or seating arrangements can be adapted individually in all halls. Catering and a sommelier can be arranged upon request by the castle cellars.

Žaclěř Mining Open-Air Museum

Step Into the World of Miners

At the Žaclěř Mining Open-Air Museum, you'll delve into the world of coal, mining technology and the lives of miners. The exhibition is located in the authentic grounds of the former Jan Šverma Mine and offers both a traditional display and the opportunity to enter real underground mining areas. Guides – former miners themselves – share insights into the daily grind underground and the evolution of mining throughout the 20th century. An attractive and engaging destination for groups and corporate outings looking for an experience with real depth.

Dobrošov Fortress

Descend Into the Underground of Military History

The Dobrošov Fortress near Náchod is one of the best-preserved structures of the Czechoslovak pre-war fortification system. Visitors descend underground to explore an extensive network of tunnels, ammunition depots and barracks. The exhibition presents the story of the construction and defence of the republic in the 1930s. The authentic atmosphere of cold concrete and heavy machinery offers a powerful experience for lovers of history and military engineering.

Olomouc Region

Fort XVII and Give me 5

Fort XVII in Křelov was built in the 19th century as part of Olomouc's defensive system. Today, it has transformed into a unique venue where military history meets adventure, relaxation and memorable experiences.

Visitors can enjoy a vibrant mix of discovery and fun – a museum with military artefacts, live historical workshops such as a blacksmith's forge, mint, or fortress printing shop, as well as a unique cinema exhibition featuring vintage projectors. The site also includes a shooting range and the option of stylish accommodation directly within the fortress grounds. The entire Fort XVII complex spans 60,000 m² and is a sought-after location for hosting both large and small events of all kinds. In 2025, the fortress became the base for the experienced company Give me 5, which specialises in creating programmes in interactive education, team collaboration, teambuilding activities and diagnostic training courses. The core philosophy of Gm5 is the holistic development of participants' personalities in the fields of management, sales and presentation skills. These courses are always tailored uniquely and in cooperation with the client.

Velké Losiny Handmade Paper Mill

A major landmark in Velké Losiny is the handmade paper mill, one of the oldest in Europe still in operation today.

Handmade paper is a unique product that has earned a lasting place and popularity among admirers of traditional Czech craftsmanship. The exclusive products from this paper mill are highly sought after and sold not only in the domestic market, but are also exported worldwide.

For companies, a half-day programme is available – working with handmade paper, including access to a conference room (40 persons) on site, with the option of catering provided by the Losin restaurant and accommodation at Villa Žerotín. Tailor-made programmes and additional activities such as buffets or evening tours can also be arranged.

The standalone workshop includes handmade paper production, envelope making, calligraphy, letterpress printing, embossing, and the creation of a “growing” greeting card.

Behind the Story of Bentwood Furniture

Discover a world where traditional craftsmanship meets cutting-edge technology. We will prepare a unique guided tour for your corporate group into the production of bentwood furniture – a journey through the fascinating history and present of the TON brand, showing you why our chairs are considered global design icons.

You'll witness the wood-bending process first-hand – a tradition unchanged for more than 160 years – while also seeing how it's combined with state-of-the-art machines and innovations. You'll hear stories not found in any catalogue and see the details behind the perfect design of every piece of furniture. Want to give your team even more? As part of the Experience Day, you can try your hand at being a wood bender, look into specific production processes that interest you, or enjoy refreshments in the stylish historic TON Villa. Our specialists will also be on hand to answer any questions you may have about production, technology or design. Tours last approximately 120 minutes, and free parking is available directly in front of the site. Suitable as a teambuilding activity, motivational programme or an unusual reward for employees or clients.

Bat'a's Skyscraper – Guided Tour

Looking for a unique experience for your team that combines history, architecture and modern technology? Take your colleagues on a guided tour of the legendary Bat'a's Skyscraper in Zlín, the iconic building also known as “Building No. 21”.

From the lookout on the 16th floor, you'll enjoy a fascinating view of the geometric grid of factory buildings, housing estates and green areas of the city – just as the visionary Tomáš Bat'a once planned it. You'll ride the paternoster lift and have the rare opportunity to visit Jan Antonín Bat'a's mobile office inside the elevator – a European curiosity.

The tour lasts 45–60 minutes and offers not only architectural highlights but also stories about Bat'a-style management, innovation, and everyday life in the company that shaped the entire region. Thanks to its engaging content and dynamic format, the tour is an ideal part of corporate teambuilding, motivational programmes or client visits. Discover the place where big dreams were born – and let it inspire you and your team!

Prague

Pilsner Urquell: The Original Beer Experience

At the very bottom of Prague's Wenceslas Square stands a sensitively renovated historic bank building, which has been home to Pilsner Urquell: The Original Beer Experience since 2023 – a unique immersive exhibition telling the story of the world's first golden lager. This venue offers small groups of visitors an unexpectedly wide range of flexible options.

Pilsner Urquell: The Original Beer Experience features three core experiences that can be combined or complemented with lunch or a boat cruise on the Vltava River. The Original Tour with a digital audio guide and motion detector engages all human senses, taking visitors back in time to personally experience the story of how the beer was created and evolved. The Dinner with a Beer Sommelier, served in a premium golden bar with a view of Wenceslas Square, includes five courses – variations of traditional Czech cuisine – carefully selected to perfectly complement the flavour profiles of Czech and international beers. At the Tapster Academy, participants are taught by a skilled master what it takes to pour the perfect pint and how to correctly serve a šnyt, mlíko or hladinka. Each of the experiences at Pilsner Urquell: The Original Beer Experience offers visitors a new perspective on the golden lager and the secrets behind its perfectly balanced taste.

The Art of Glassmaking at PRAGL

Right in the heart of old Prague, just a few steps from the Old Town Hall, lies a workshop that neither tourists nor locals would expect to find in this area. It is the glassworks Pragl – Prague Glass Experience – where visitors can explore the secrets of glassmaking crafts and even try the art themselves.

Anyone who steps into PRAGL can admire a unique exhibition of glass sculptures by both Czech and international artists, created during an international glass symposium. Those who want to experience the phenomenon of glass in its many forms can, under the guidance of a master glassmaker, try their hand at blowing glass through a pipe and create their own drinking glass, vase, paperweight or bowl from molten glass. They can also use a burner to shape a bead or a small piece of jewellery from rod glass, or use sandblasting to decorate glass objects with various motifs. The glass pieces, once cooled the following day, become a one-of-a-kind souvenir or an original gift.

South Moravia

Wine Tasting in a Wine Cellar

The Hraniční Zámeček Winery offers several options for guided tastings – from modern and elegant spaces in Lednice to traditional historic cellars in Valtice.

Located in the heart of the Lednice–Valtice Area, the Hraniční Zámeček Winery features a modern indoor tasting room, wine shop, visitor centre, and stylish facilities open to guests all year round. The wines are produced in Lednice and can be enjoyed in an elegant setting with expert commentary from an experienced sommelier. The winery also includes a garden with a pergola and a Stellplatz by the Zámecká Dyje River.

Another part of the winery is the experiential labyrinth of cellars known as Valtické Podzemí, with nearly a kilometre of corridors. This space combines a historic atmosphere with modern service and has been awarded the title Champion TOP Wine Destination of Czechia. Throughout the year, it hosts music evenings, tastings, and themed events. A recent addition is its connection with the luxury resort Chateau de Frontiere, which offers accommodation, gastronomy, and wellness. The winery thus represents a perfect symbiosis of wine, history, and experiences. It is an ideal indoor activity for anyone wishing to discover the beauty of South Moravia even in unfavourable weather.

Cooking School at the SPIELBERG Winery

A gourmet experience at SPIELBERG Winery will delight every food enthusiast.

SPIELBERG Winery in Archlebov regularly organises cooking classes in its Degustárium, where participants, under expert guidance, prepare four-course tasting menus paired with their wines. The courses, limited to a maximum of 15 participants, are held in an interactive atmosphere with the opportunity to take part in preparing the dishes and pairing them with wine. The offer includes less traditional themes, including Asian or Italian cuisine, and participants also take home recipes and a certificate of completion. The classes are ideal as a gift or team-building activity and must be booked in advance, either directly at the winery or online. The Degustárium thus combines a gastronomic experience with the quality of local wines – a great choice for lovers of fine food and wine.

Explore the underground of the fortress town of Terezín by the light of period lanterns.
A fortress that was never conquered.

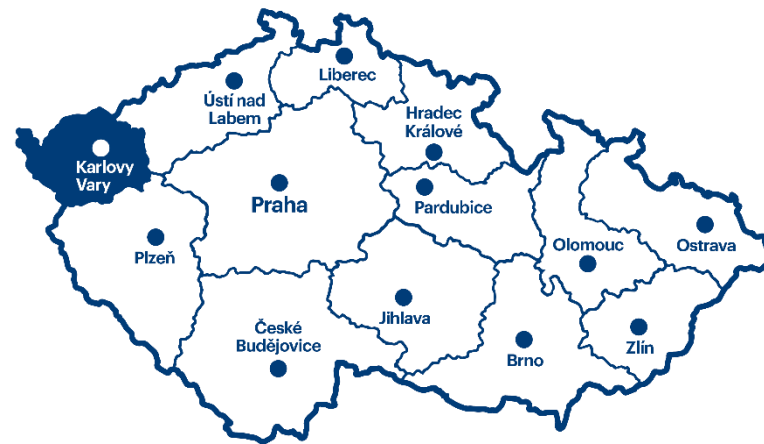

The tour of the fortress begins in the renovated information centre and with the exhibition of the Fortress Museum, where you will get acquainted with a unique model showing the functioning of the bastion fortress, the different construction periods, its functionality, and you will see how soldiers lived in the fortress during the reign of Maria Theresa.

The entire tour is crowned by a lantern-lit walk through underground corridors, loopholes of the shooting slits, and other fascinating features directly in the terrain of the fortress.

Tips for Indoor Group Activities

Karlovy Vary Region

Plavírna - Otovice

Plavírna is a more than 100-year-old porcelain factory that has undergone complete renovation with the aim of creating the ideal space for an exceptional festive day. By combining the elegance of original industrial elements with contemporary design, a unique venue has been created where history intertwines with modern comfort.

Today, the Plavírna complex is an exclusive venue for events with a capacity of up to 250 seated persons, prepared for year-round operation.

The Plavírna event venue offers an attractive setting for various occasions – the premises include accommodation facilities, complete catering facilities, a private SPA, and large-capacity parking for up to 60 cars, including options for buses.

At Plavírna, it is possible to organise a porcelain workshop where clients can decorate a porcelain cup or mug according to their own taste.

Spa Treatments

Mineral baths with naturally occurring carbon dioxide.

This is a typical treatment offered exclusively at the spa resort in Mariánské Lázně, using mineral waters containing naturally occurring carbon dioxide that springs from the local ground. The mineral water with dissolved gaseous CO₂ is heated to a temperature between 32–34 °C to preserve as much CO₂ as possible while ensuring a comfortable bathing temperature. The heated mineral water is then poured into individual bathtubs. The carbon dioxide bubbles on the skin, creating a relaxing, tingling sensation and reddening of the immersed skin. After the bath, a dry wrap follows to maximise the benefits of the treatment.

This treatment is highly restorative and therapeutic for the entire body.

Bečov nad Teplou Castle and Chateau

The Secret of the Reliquary of St. Maurus

One of the best-preserved castles in Czechia, boasting a unique monument of European significance – the Reliquary of St. Maurus, which rivals the Czech crown jewels in age and value, is located on the route between Karlovy Vary and Mariánské Lázně.

The historic complex offers several guided tours (including tours for the blind), educational programmes, and rental of representative rooms and terraced gardens.

Karlovy Vary City Museum

The multimedia format of the permanent exhibition presents the history of the city in six rooms on the first floor.

The journey begins at the Hot Spring, a unique natural phenomenon, and continues through the founding of the spa and the development of spa treatments to the transformation of Karlovy Vary's architecture, the social and cultural life of the spa town, and the history of the international film festival.

The second floor presents the nature and history of the region from its earliest times through the renowned era of ore mining, the equally important tradition of pewter craft, and the production of glass and porcelain. The final part of the exhibition is dedicated to the dramatic 20th century. The exhibits are accompanied by many multimedia features. Those not captivated by the additional projections, recordings, touchscreen presentations or quizzes can try out various exhibits with their own hands.

Cheb Museum – The Life and Death of Imperial Commander Albrecht von Wallenstein

Cheb Museum is housed in a historic burgher house known as Pachelbel House, located on King George of Poděbrady Square in Cheb. It is one of the oldest regional museums in Bohemia.

The museum opened on 15 May 1874 and, in addition to its valuable exhibitions, also offers the fascinating Wallenstein Circuit. This circuit forms a thematically coherent part of the tour, focusing on the personality of Albrecht von Wallenstein and the related events of the Thirty Years' War. The central part of the circuit is Wallenstein's death chamber, where the generalissimo of the imperial armies was assassinated on 25 February 1634.
