Kunzov Castle

Antonín Kunz from Hranice had the Kunzov Castle built in a romantic style at the beginning of the 20th century as his summer residence. It can be found approximately 6 kilometres north of Hranice and has been listed as a cultural monument since 2007.

It is the stylization of the factory owner's dwelling into an aristocratic mansion from the Middle Ages that makes this building unique. The castle has the form of a hexagonal complex surrounded by a high stone wall with Gothic arches and round towers.

Here you will find accommodation in cosy apartments, but also in unconventional "watchtowers", a cosy environment of the tavern, which is carved into the rock and is an exact copy of the original castle tavern. The complex is also complemented by a wellness area with a sauna, whirlpool, massages, and outdoor SPA.

The area is suitable for corporate, private, and individual events, which can accommodate up to 160 guests, who will be taken care of with the utmost care and pampered at the level of castle lords.

A Night in a Prison Cell or Royal Suite at the Zbiroh Chateau

The Zbiroh Chateau offers a unique opportunity to spend the night in the chateau chambers where history was written and where personalities such as Charles IV, Sigismund of Luxembourg, Rudolf II, Alphonse Mucha, and Emma Destinn stayed. But the real adventure can be experienced thanks to the possibility of spending the night in the historic prison where the Czech Estates were imprisoned.

The Zbiroh Chateau, hidden in the picturesque landscape of the Křivoklát forests, is not only an important historical monument in Bohemia, but also a place that offers quite exceptional experiences. You can spend the night in chambers that remember more than eight hundred years of history and where important personalities of Czech history stayed. In the rooms where Přemysl Otakar II and his retinue once feasted, there is now a luxurious wellness centre with a whirlpool, sauna, and swimming pool carved out of the chert rock. In addition, every gourmet can enjoy the atmosphere of a medieval tavern. The chateau's renowned specialities include Tafelspitz, a favourite dish of Franz Joseph I, served as a four-course menu.

However, if you're looking for an adventure with a touch of mystery, you can spend the night in the local prison, which witnessed the hard times after the Estates' uprising. Experience medieval conditions where you will sleep on the ground on straw and dine on bread and water only, just like prisoners in the past. This experience is perfect for those who crave an adrenaline rush and want to experience history firsthand.
